NEW RIFF SINGLE BARREL BOURBON

New Riff Distilling's core Bourbon expression is a genuinely high-rye, full bodied whiskey offering savory, spicy character. Featuring a mash bill of non-GMO grains at 65% corn, 30% rye, and 5% malted barley, it represents a new riff on Kentucky's most hallowed whiskey traditions. Aged four years in 53-gallon toasted and charred new oak barrels, there are no shortcuts taken in our production. All New Riff whiskeys are made with the full sour mash Kentucky Regimen; all carry an age statement, and are always bottled without chill filtration.

At New Riff, single barrel expressions are a way of life. As former Kentucky liquor retailers, we are intimately familiar with some of Kentucky's most famed private barrel Bourbon selections ever, and we bring that experience to New Riff. Each New Riff single barrel has been tasted and approved by our sensory panel. In the end, you can taste a New Riff Single Barrel knowing it was fully vetted and thoroughly tasted and approved.
