15% 10-year-old Rye Whiskey

15% 8-year-old Aroostook Malted Rye Whiskey

Proof: 111 Proof

Bottled Without Chill Filtration

To celebrate 11 years of New Riff, we turned back to where it all began,blending our oldest whiskeys into a one-of-a-kind release that could only come from New Riff. Anchored by 11-year-old Corn Whiskey and 11-year-old Bourbon from our very first distillations, the blend is layered with bold, expressive ryes including Balboa, Aroostook Malted Rye, and our flagship Rye. Bottled at 111 proof Without Chill Filtration, it opens with the mellow sweetness of corn and finishes with the bold, spicy signature of Aroostook. Those who are familiar with each of these whiskeys will recognize their individual voices throughout the blend, each one adding its own character to this rich, complex pour that speaks to both our roots and our evolution.

We're proud to donate a portion of proceeds from each bottle sold to Brighton Center, supporting their mission to provide vital programs and services for individuals and families, helping our community grow and thrive.

For this inaugural release, both distilleries agreed on a 100% wheated mashbill before setting out to make the whiskey in their own distinct ways.

Each single barrel in this release delivers its own distinct flavor profile, showcasing the unique character of the barrel it came from. As a collection, this release generally presents a bold and layered experience.

Mash Bill: 57% Malted Barley, 37% Raw Barley, 6% Rye. Married together in a massive oak barrel (foeder) traditionally used for beer maturation and rebarreled into used American oak.

Proof: 111.2 Proof

Focusing on barley—the paramount grain in whiskey and beer production—this unique American Whiskey highlights the shared roots of Kentucky's rich distilling tradition and Cincinnati's storied brewing heritage. The majority of the blend was aged traditionally in new American oak barrels with select Spanish oloroso and pedro ximenez sherry casks being incorporated into the final blend. The final blend was then re-barreled into used American oak barrels, allowing the whiskey to harmonize and develop a deeper balance of flavor. DUET is a liquid testament to the delicious, convivial contributions of two Greater Cincinnati favorites.
